CPC Policy

Material must contain a clear call to action.

AdUX reserves the right to refuse any creative material/campaign that doesn't respect the rules of engagement.

CPC campaigns are multi-device and serve on two different networks : AdUX & Microsoft.

If $CTR < 0,1\%$, new creatives with a strong Call to Action will be required.

Depending of the performances, AdUX reserves the right to stop the campaign.

No guarantee of delivery and end date will be given.

Network	Budget	Period	CPC
 The Microsoft logo (four colored squares) and the AdUX logo (a red circle with "ad" and "UX" inside) are displayed in the Network column. Microsoft ad UX	5.000€ - 9.999€	4 weeks	1,63 €
	10.000€ - 15.000€	6 weeks	

We strongly recommend to implement the AdUX conversion tracking pixel + retargeting pixel in order to optimize your click campaign.

This will help us to deliver high quality clicks and optimize the campaign based on your final conversion objective.
