

Delivery Guidelines

- Advertising material should be sent to our general address for material delivery: adopsbe@adux.com
- Material send to a personal mail address will not be taken into account

Delivery delays for Halfpage

- → Campaign material should include:
 - all necessary creatives that meet our specifications
 - · destination urls that are live
 - for HTML5, zip file with all files included
 - for 3rd party material: active redirects
- Feedback on material validity will be given within 48 hours after reception.
- → Should any of the delivered material fail to meet our requirements, the procedure will restart.

Specifications

SSL Compliance	The compliant SSL ads are strongly recommended. SSL ensures that your ads reach the widest possible audience across our network and the web. Non-compliant SSL Ads will be excluded from SSL compliant publisher sites.
Extension	.html, .css, .js contained in a zip file (.zip)
Size	300x600
Max weight file	60ko
Destination url	Max 1024 characters
HTML5 Specifications	Limited outside network connection Limited libraries, fonts (Max 1. each type) Code compression (optional) Use <meta content="width=[WIDTH],height=[HEIGHT]" name="ad.size"/>
2nd noutre a second	V.
3rd party acceptance	Yes
Clicktag	The click tag should be placed in the .html file without minification or obfuscation. Ads must use the clickTag variable as the destination of the click event, whether handled by anchor tags
. , .	The click tag should be placed in the .html file without minification or obfuscation. Ads must use the clickTag variable as the destination of the click
. , .	The click tag should be placed in the .html file without minification or obfuscation. Ads must use the clickTag variable as the destination of the click event, whether handled by anchor tags (<a>), window.location, window.open, or any other
. , .	The click tag should be placed in the .html file without minification or obfuscation. Ads must use the clickTag variable as the destination of the click event, whether handled by anchor tags (<a>), window.location, window.open, or any other method of navigating the user.

Specifications

Zip File Specifications (IAB Specifications)	There must be at least one .html file (the starting point of the ad) in the .zip.
	Structure files as needed. No specific rules are outlined for the folder structure of the .zip file. Files may be organized in subfolders or may be present solely within the root folder.
	All code and assets should be relatively referred to by the .html file.
	Minimize the number of files included within the .zip file. For performance reasons, some ad servers may limit the number of individual files that may be included with the ad.
	All code and assets needed to run the ad should be contained in the .zip file. The ad needs to be selfcontained so that rendering the ad is not dependent on a network connection. Exceptions include files such as Javascript libraries or web fonts, but the file size of these external files should still be considered part of the overall file size if they are loaded upon the initial file load.
Audio	Sound OFF by default, always user initiated on click action. All advertising formats that use sound must feature a sound on/off button.
Animation	3 loops within 15 sec (Unlimited during user interaction)

Example

le 5 mai 2017

2017 est décidément une année faste pour la chanteuse. En effet, ce sera pour elle la naissance de son bébé et la sortie de son sixième album.

« Eh oui, il y aura deux bébés cette année ! » déclare la jeune chanteuse lors d'un entretien au Parisien. Une jolie façon d'annoncer qu'elle attend son premier enfant et que cette année sera aussi celle de la sortie de son sixième album, quatre ans après le précédent. Une double naissance qui a tout pour la rendre heureuse

En couple avec le tennisman Arnaud Clément depuis plus de 9 ans, ils vont donc voir leur famille s'agrandir et accueillir un nouveau membre. La gagnante de la seconde saison de La Star Academy déclare vouloir garder secret le sexe de son bébé, pour avoir une jolie surprise. Mais parions que pour le choix du prénom, les futurs parents iront piocher dans les fabuleux prénoms bretons pour trouver leur bonheur, l'artiste étant profondément attachée à ses racines.

Nolwenn Leroy

né(e) le 28/09/1982

A 34 ans, Nolwenn Leroy, qui a découvert sa grossesse pendant l'enregistrement de son album, souhaite arriver à concilier vie professionnelle et vie personnelle. Elle déclare "Je serai artiste et maman à plein temps" et compte bien partir en tournée en 2018. Un bien beau programme.

Si la nouvelle chanson de son album est dévoilée vendredi 5 mai, il faudra patienter encore quelques semaines pour découvrir la frimousse de son bébé.

Nous souhaitons une belle grossesse à la future

Si Nolwenn Leroy manque
